Ride like **JUSTUS**

Pay like **KEVIN**

Plan like **DONALD**

Save the world like

GRETA

Two Problems to Address

1. **Planning a trip ahead with car sharing is not reliable**
   - No car available
   - Traffic jam

2. **Car sharing cars are almost always empty**

   1,43 riders per car on average[1]
   - Crowded roads
   - Environmental disaster

- Books Sixt Share

Be the passenger

- Book Taxi (Sixt Ride)

New Possible Booking Options

Be the driver

- Rent a car
- Books Sixt Share
  - Open it up for mixed 2go

Be the passenger

- Book Taxi (Sixt Ride)
  - Open it up for Sixt Mixed 2go
- Join available Sixt Share with Sixt mixed 2go
- Join available Taxi with Sixt mixed 2go

Work Hand in Hand

1. Alice books a suggested Sixt Share trip ahead with Sixt Calendar, opens it up for mixed 2go

2. Bob joins Alice’s trip, seeing it as an option in his Sixt Calendar

Demo

Benefits for Everyone
